

CLINIC BUSINESS MODEL CANVAS

Standard nine-block starter template for planning and discussion | Version 0.1

STARTER WORKSHEET

CLINIC / DOCTOR

SPECIALTY

CITY / DISTRICT

CANVAS VERSION

HOW TO USE

Write one idea per note. Mark [A] for assumption and [E] for evidence. Keep only the points that matter most.

8 KEY PARTNERS

Who helps the clinic succeed?

- Referral doctors and hospitals
- Labs, pharmacies and vendors
- Insurers, platforms and advisors

7 KEY ACTIVITIES

What must the clinic do well?

- Clinical services and follow-up
- Patient acquisition and operations
- Quality, records and compliance

2 VALUE PROPOSITIONS

Why will patients choose this clinic?

- Priority problem or need addressed
- Clinical value, convenience and trust
- Clear difference from alternatives

4 CUSTOMER RELATIONSHIPS

How will trust be maintained?

- Enquiry, booking and onboarding
- Communication and follow-up
- Feedback, recall and retention

1 CUSTOMER SEGMENTS

Who is the clinic designed to serve?

- Priority patient groups and needs
- Geography and catchment area
- Current alternatives and behaviour

6 KEY RESOURCES

What must be available?

- Doctors, team and capabilities
- Location, equipment and technology
- Licences, brand and working capital

3 CHANNELS

How will patients find and access it?

- Referrals and local partnerships
- Google, social media and outreach
- Booking, phone and walk-ins

9 COST STRUCTURE

What will the model cost?

- Setup and fixed monthly costs
- Variable service costs
- Marketing, compliance and operating buffer

5 REVENUE STREAMS

How will the clinic earn sustainably?

- Consultations and procedures
- Diagnostics, packages or memberships
- Pricing, payer mix and payment method

Suggested order: 1 Segments > 2 Value > 3 Channels > 4 Relationships > 5 Revenue > 6 Resources > 7 Activities > 8 Partners > 9 Costs
